

Descriptif du poste

What will you be doing?

The commodity markets around us change rapidly. At Eneco, we keep a close eye on these changes. In the Asset Backed Trading Department, we have extensive knowledge of these markets and we use this to place trade positions in the market as profitably as possible.

Your responsibility will be

Based On This Vision, You Will

You will start on Eneco's gas trading desk, where you will develop a vision on north-west European gas and related commodities.

- Develop profitable strategies
- Optimise Eneco's Assets
- Optimise Eneco's flow book
- Add value by trading

What can you offer us?

You are a fast learner and you're able to adapt to new environments and situations quickly by thorough analysis and prompt action. You've got courage, a high energy flow, a positive attitude and execution power. So that you realize the objectives in an ever faster changing organization.

- At least 3 years' experience as a trader, for examples in equities, ETF market making or commodities
- Provable track record
- A proactive, results-based and entrepreneurial personality
- A winner's mentality
- Good communication skills

Where are you going to work?

Working at Eneco means working for a sustainable energy company that aims to create a new world that is smarter, better, cleaner, more fun and more liveable. We work flexible, according to the 'new way of working' in an inspiring, modern building: Eneco World. Conveniently located, a 2 minute walk from train and metro station "Rotterdam Alexander".

As a gas trader, you will work within the Asset Backed Trading Team for Eneco Energy Trade, Eneco's international trading department – right next to Rotterdam-Alexander train station. It is a complex and dynamic environment where constantly moving markets, ever-changing positions, new technologies and the restrictive rule of law create an exciting and challenging field of tension.

Characterised by the 'work hard, play hard' and an informal atmosphere, freedom is key within this setting

Working at Eneco means working for a sustainable energy company that aims to create a new world that is smarter, better, cleaner, more fun and more liveable. We work flexible, according to the 'new way of working' in an inspiring, modern building: Eneco World. Conveniently located, a 2 minute walk from train and metro station "Rotterdam Alexander".
